EXPERIENCE

Citigroup

Dallas, TX

Full Stack Software Engineer

Jul 2021 - Present

Programming front-ends and back-ends for high-traffic, ADA compliant, web applications utilizing Angular and Springboot. Heading entry-level developer interviews, designing questions, judging applicants. Participating in multiple mentorship programs, including Women in IT.

- Coordinating with multiple teams across 4 disciplines to deliver multiple user stories every sprint
- Leading interviews every season for 100+ prospective entry-level developers on previous projects and technical questions to ensure code readiness
- Mentoring a pod of entry-level developers every 3 months, eliminating impostor syndrome, and reducing developer ramp up time
- Mentoring 4 high-school girls every year as part of Citi's 6-week Women in IT program, giving young girls more opportunities to enter the STEM field

Blink Studios LLC

Dallas, TX

Co-Founder and Lead Engineer

Mar 2020 - Jan 2022

Coordinated and launched a company to develop innovative data-driven videogames. Devised an ecosystem of tools to help streamline game development processes.

- Recruited and led a diverse team of 7 developers, writers, and artists to design and develop video games and tooling
- Utilized Click-Up to manage Agile project lifecycles across 3 disciplines, maintaining high accountability and productivity
- Conducted meetings with 2 game publishers to gauge interest in future publishing opportunities

INTERSHIPS

Tyler Technologies

Lubbock, TX

Software Engineering Intern

May 2020 - Aug 2020

- Analyzed business requirements with a partner to create an internal tool consolidating 100+ client data points from 3+ web applications into a single filterable and sortable web application
- Took part in daily Agile Scrum stand ups and weekly retrospectives to identify roadblocks, maintain high productivity, and plan future developments

AWARDS

- Texas Tech Excellence in IT Award (Winter 2019)
